Belper Hockey Club and I are pleased to present our fourth Summer Hockey Camp designed for boys and girls between the ages of 8 to 14. Our aim is to provide the best quality of coaching in a safe and friendly environment to rival any other hockey camp across the country.

For those that don't know me, I have been associated with Belper for many years. I started playing hockey at an early age and was lucky enough to represent Derbyshire, the Midlands and England at junior level. Having 'given up' playing, although I use that term loosely! I have concentrated on my coaching. I have previously been the Head Coach of the Men's section of the club however I now concentrate on just junior development. I am very passionate about the development of junior hockey, at Belper in particular, and would therefore be delighted to have your child/children attend our camp.

Last season I teamed up with James Blackwell, a current member of the 1st XI Squad and ex-international player. James is hoping to be involved again however work commitments are yet to fall into place.

I am delighted to welcome back Paul 'Lozza' Lawrence who I've worked with over a number of seasons. Lozza was involved when we first started this venture. I am also hoping to tie up a number of 'guest' coaches who will also come and work during the camp.

The camp has been designed to offer the children an insight into top level hockey whilst still keeping that fun element. The aim will be for the children to learn specialist skills of the game and to continue to develop their core skills, such as hitting, stopping, passing and moving.

Children will need the following kit:

- Spare clothes/Wet weather clothing
- Packed lunch & plenty to drink
- Hockey Stick!
- Shin Pads
- Mouth Guard
- Astro's/Trainers (not studded football boots)
- Bags of enthusiasm!

If you would like to attend our camp please complete the Application Form enclosed with this leaflet, along with the Medical Form and return it along with a cheque made payable to 'Belper Hockey Camps' to:
